Hello there, Excited to unveil my latest creation – a drawer handle that I cooked up for my own needs. It would be a shame not to share this beauty with you.

- Model Details:

Length: 130mm

Width: 20mm

Depth: 7mm (+ 15.4mm spacers)

Diameter of the holes: 3mm

Distance from holes (center to center): 100.6mm

- Printing Perks: No need for supports - Everything is laid properly.
- Personal Touch: You can use Hilbert's curve for bottom layer to spice it up a little

- 😊 Feel free to share your creation! If you want to make any changes, play around, just let me know your thoughts. I'll get to it ASAP.
