A simple headphone hanger that attaches to a shelf.

The clip fits 20mm thick shelves. I've had success heating the clip with a lighter and bending it to fit smaller shelves without modifying the design.

Print Settings

Printer Brand:

Creality

Printer:

Ender 3

Rafts:

Doesn't Matter

Supports:

No

Resolution:

Any

Infill:

20

Notes:

I printed this in PLA and haven't noticed any warping under load. If the headphones are heavy I would recommend a stronger material to prevent warping.
