Summary

I remake the 'Lego Wall Hanger Set' and it can be printed.

LEGO WALL HANGER SET

There are **three version** (Small, Medium and Large). Each version has **two parts**: a **base** and the **hook** to be mounted on the wall. I've also included a version that uses less media for faster printing. **Supports** are required in both versions.

LESS SUPPORT

MORE SUPPORT
(more like the real)

You also need a screw to fix it on the wall.

If you have suggestion write a comment.

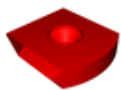

Happy printing!
