Spryo Youngling Dragon

Printed mine at 80%. This dragon was made on my Live and I'm making this one a free model. I really love how it turned out even though it's hard for me to work and talk lol but it was fun showing how I make them. I hope you like this model.

10% infill

3 to 4 lines

.1 or .2 height

No support

Print in place

Print with raft or brim if dosent stick

Please feel free to post pics of your makes. I would love to see them.

If you would like to **sell the prints** join us on **Tribes or Patreon** for a **seller's permit**.
