Summary

I modified the original Desktop Dumpster so that I could use a piece of filament for the hinges.

Household > Office

Tags: desktop dumpster

I really liked the original Desktop Dumpster (see original model link above), but didn't want to have to use a metal rod or print another part to use as a hinge so I just modified the holes to fit a standard piece of 1.75mm filament. Push it through and then just snip it to length.

This remix is based on

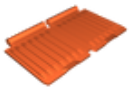

Desktop Dumpster
