The **Soehnle Venezia Aroma Diffuser** is very beautiful but at the same time very sensitive. If the glass is broken, you can easily continue to use it by carefully removing the plastic parts from the glass.

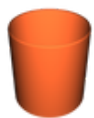

**Attention: please be sure to wear safety glasses and sturdy gloves while removing the remaining glass !!!**

I printed it with transparent Prusament PETG with 0.2 layer height and in vase mode.

happy printing and please post a make, i would really appreciate it :)
