updated 28. 1. 2024 | published 28. 1. 2024

Summary

This is a remix of a small parametric box, I made it larger and included a character on the top.

[Hobby & Makers](#) > [Electronics](#)

Tags: [box](#) [space](#) [arduino](#) [astronaut](#) [inventrio](#)

Personalized tool box to keep the 30 Days Lost in Space Arduino kit from Inventr.io.

Box top requires support. To print top up because of the design.

Box bottom, and latches, no supports.

Already oriented to best printing position.

0.2mm layer height

10% infill Gyroid

Brims are optional (helps prevent lifting on the corners)

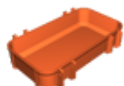

This remix is based on

Small tool box
