Tags: [man](#) [statue](#) [bust](#) [male](#) [torso](#) [trans](#) [transgender](#) [ftm](#)

A ready to print transmasculine torso sculpture. Works well with 20% infill, lightning works just fine if you wanna use less filament, supports are required. I reccomend tree supports, but I also suggest experimenting with your slicers settings. Matte PLA is reccomended for a better result.
Warning: NSFW.
