## Summary

Remix of collapsible Wall Mountable Hook

[3D Printers](#) > [Accessories](#)

Tags: [organizer](#) [wall](#) [hook](#) [hanger](#) [clip](#) [modular](#) [hat](#)  
[wallmount](#) [keyholder](#) [keychain](#) [key](#) [coat](#) [wallmounted](#)  
[collapsing](#) [screwable](#) [wallhook](#) [collapsible](#) [coathanger](#)  
[keyhanger](#) [removable](#) [keychainholder](#) [stickable](#)

Redesigned the slot little bigger to fit more screw types.

Prints flat & side perfectly if printer is fine tuned. Otherwise side printing would work.

Offset pin/hole: 0.3mm circular

Minimum Settings Recommended:  
5 Walls, 5 Top Layers, 5 Bottom Layers with 40% infill.

### Printer:

Voron SwitchWire

Rafts: No | Support: No

Resolution: 0.13

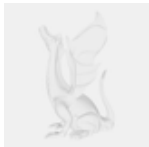

Infill: 40% (Minimum)

Filament: **Fibreel Filament**

Nozzle: 0.4mm

Printing Time: 48 Mins (with holes)
