updated 28. 1. 2024 | published 28. 1. 2024

Summary

Brackets designed to mount the electronics box from RatRig to your printers Frame. Fits perfect on the V-Core 3.1 with

[3D Printers](#) > [Prusa Parts & Upgrades](#)

Tags: [bracket](#) [ratrig](#) [vcore3](#) [vcore31](#)

Simply print it flat. Take care of the T-Slot insert orientation. The upper one is angled, so you do not need to print with support.
