Deesa Osun.

The Yoruba people are an ethnic group native to West Africa, primarily in Nigeria, Benin, and Togo. They have a rich cultural heritage that includes a pantheon of gods and goddesses who play significant roles in their mythology and daily lives. Osun is the goddess of fresh water and rivers, representing fertility, prosperity, and beauty. She is often depicted as a young woman with an enchanting smile, adorned with beads and wearing traditional Yoruba attire.

Osun's attendants are known as "Osun devotees" or "Ipinle Osun." These devoted followers play essential roles in the worship of Osun by performing rituals, offering prayers, and maintaining her shrines and sacred sites. They often dress in colorful garments reminiscent of traditional Yoruba attire and engage in various activities to honor their goddess.

The cult of Osun has a strong presence throughout Nigeria, particularly in the southwestern region where the Yoruba people are predominantly found. The devotion to Osun is so deeply ingrained that there are numerous festivals held in her honor each year, including the popular Osun-Osogbo Festival celebrated at the sacred grove of Osun-Osogbo in Nigeria.
