Summary

Mount for the Sram 22 hoods

[Sports & Outdoor](#) > [Outdoor Sports](#)

Tags: [mount](#) [cycling](#) [bell](#)

I needed a mount for my **KNOG bell**, to be able to reach it fast while commuting without changing position on the handlebar.
3D-scanned my hoods and created a mount after that.
Been using it for about 3 months now, both on aggressive gravel rides as well as commuting and it sits very well.
