Introducing the Voronoi Pattern Sleeping Mask Holder for Gridfinity – a sleek and functional addition to your 3D printed organization collection. Designed with elegance and utility in mind, this holder is perfect for those who want to keep their sleeping mask within easy reach while adding a touch of style to their space.

Key Features:

- **Unique Voronoi Pattern:** The intricate Voronoi design is not just aesthetically pleasing but also provides a sturdy structure to hold your sleeping mask securely.
- **Perfect Fit for Gridfinity:** Specially designed to integrate seamlessly with your existing Gridfinity setup, ensuring a snug and stable fit.

- **Easy Access:** Keeps your sleeping mask handy and accessible, so you can grab it whenever needed without fumbling around.
- **Durable Material:** Recommended to be printed with PLA, or PETG for long-lasting durability and strength.
- **Customizable Size:** Can be scaled to fit various sizes of sleeping masks, ensuring a perfect fit for your specific needs.
- **Space Efficient:** Its compact design ensures it doesn't take up unnecessary space, making it ideal for small bedside tables or shelves.

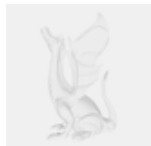

Ideal for:

- Those who use sleeping masks regularly and want to keep them in a designated, easy-to-find spot.
- 3D printing enthusiasts looking to expand their Gridfinity collection with unique, functional pieces.
- Anyone looking to organize their bedroom or sleeping area with a stylish touch.
