Summary

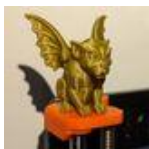

Print a set of Gargoyles for your monitor!

[Household](#) > [Office](#)

Tags: [decoration](#) [statue](#) [monitor](#) [gargoyle](#)

I printed the gargoyle with Overture Rock PLA. I then glued the gargoyle to the bracket (printed in black) and attached to the corner of the monitor with a small 3M Command Strip. I put one on each corner (see photo). I used organic supports and a 10 mm brim on the gargoyle. The bracket does not require supports (position the long side of the bracket on the build plate).
