Tags: [bottle](#) [water](#) [seal](#) [gasket](#) [waterbottle](#) [takeya](#)

V2 - Added vertical tab to ring, for easier removal.

A replacement TPU seal for Takeya water bottles, for the cap/flip over lid.

Tested good on 18oz and 32oz bottles, with the bottles having both the newer etched and older white printed name/logo, respectively.

Don't forget to set the top surface pattern to concentric in your slicer, and add enough walls so there's no infill.
