

AM-SORT part catchers

[VIEW IN BROWSER](#)

updated 30. 1. 2024 | published 30. 1. 2024

Summary

Part catchers for under the flippers to prevent parts from getting stuck or lost.

Tags: [parts](#) [vision](#) [sorter](#)

In this model, you will find the 3MF files to print and installation instructions. The supplied part catchers are for the right side of the SORT, but you will just need to mirror the part in the slicing software to print those for the left side.

You will need to print 4 part catchers for each side if you have the 8 exit sort, and 3 right side catchers and 4 left side (mirrored) catchers.

If you have any questions about these models, please don't hesitate to contact us.
