## Summary

Single Slot HueForge Wall Mountable Frame

[Art & Design](#) > [Wall-mounted](#)

Tags: [frame](#) [art](#) [wallmounted](#) [collaboration](#) [hueforge](#)

**IMPORTANT: This is the single slot version. The 3 slot version is available [here](#).**

### Update 23/02/2024

- Added a new box of size W 160mm x H 240mm

In a creative collaboration with designer [cyanidesugar](#), we've crafted a stunning 3D model – a wall-mountable frame designed to showcase her exquisite HueForge models.

This frame seamlessly blends art and technology, offering a dynamic way to display these intricate creations. Its versatility is its charm; whether adorning a cabinet or shelf, or suspended on a wall like a traditional painting, it transforms spaces into galleries.

There are 2 versions of the frame. One with a wider top and bottom and a one with a narrow top and bottom (more suitable for the Pokemon card HueForge models)

This only contains the box. The HueForge models to put in the box you can find on [cyanidesugar](#) Thangs profile.

### Print Settings

- 15% infill
- Lid needs tree supports for hole
- 0.2 layer height

I've also added Bambu Studio 3mf files that you can use if you own a Bambu Lab printer.

ALL The Crafty Maker designs are protected by Copyright Law. By downloading, YOU HAVE NO RIGHT to sell any digital files or reproductions from those files. If you want a commercial license to LEGALLY SELL 3D prints, you'll need a The Crafty Seller subscription.
