updated 14. 2. 2024 | published 14. 2. 2024

### Summary

Here is a little rizer for a Ikea Malm bed

[Household](#) > [Bedroom](#)

Tags: [ikea](#) [bed](#) [malm](#)

This rizer has to be printed 4 times. It will lift your bed 2,5 cm to allow a Roborock S8 Ultra to clean under the bed without hitting the middle strut.

It is recommended to increase the infill up to 30%

PLEASE CHECK THE DIMENSIONS OF YOUR MALM BED. There are different versions out there.

Dimensions of the rizer.

Height total with side wall 7cm

Height middle area 2,5cm

Distance from wall to wall 50,2mm.

Perfect fit for my malm version but should also fit for your version.

Don't forget to like, push the heart and spread love to the world. Feel free to comment, i like feedback from you!
