Summary

Flat Bottom, Open Top, 29mm Hole

[Household](#) > [Home Decor](#)

Tags: [lamp](#) [moon](#) [lampshade](#)

I was not sure if my stock Ender 3 V2 could handle the steep overhangs on top and bottom. Therefore I flattened the bottom and opened the top to allow for additional cooling. The 28mm hole fits on the socket of my lamp (I don't know which standard this is).
