updated 29. 1. 2024 | published 29. 1. 2024

Summary

A handle that stays in place for Sandy Fun Kit.

[Toys & Games](#) > [Outdoor Toys](#)

Tags: [toy](#) [handle](#) [sand](#) [remix](#)

Print one handle and two plugs.

Put the plug on the build plate so from above it looks like the PI symbol.

No supports or brim needed.

I printed with PETG with 0,6 nozzle and 0,3 layer height.

Connect handle to can and insert plugs from the inside.
