Summary

This is a nut I used to fix the model that scrubs the nozzle when tool changing.

Tags: [prusa](#) [xl](#)

This is a nut I made to fix the scrubber of the nozzle of the heads of my TH5 prusa xl (<https://www.printables.com/fr/model/462473-prusa-xl-series-nozzle-scrubber-brush-update-inclu>)

Insert a M3 nut on the side and then insert the nut inside the 30x30 profile. Turn it 90 degrees and then you can fix the tool on it.

The cad file is here: <https://cad.onshape.com/documents/5e0f22eae9117ccc1d5ebd9e/w/e8a1a025363124483f59bcd9/e/db492f5bc523beafa8acdaa4?renderMode=0&uiState=65b7ee02b18f2b314e67e302>
