Summary

Call of Duty MWII Ghost Mask

[Costumes & Accessories](#) > [Masks](#)

Tags: [mask](#) [ghost](#) [cosplay](#) [callofduty](#) [mw2](#) [mw3](#)

The original Ghost mask from Call of Duty MWII.

The mask comes with pre-modeled markings.

With a 1mm or 2mm drill bit you can easily make holes that allow sewing the mask on a balaclava. This will make an exceptionally realistic Ghost Cosplay.

A resin printer is recommended to get the highest quality, however good results can be achieved with an FDM printer too.

IMPORTANT MESSAGE: due to the increasing amount of users that are selling prints/makes of this model without any authorization or without a commercial licence granted by us, Polymera is reserving the right to directly report your shop/account to Etsy without warning.

If you liked this model, please consider supporting us by getting us a nice cup of coffee. It helps us keep our models free for everyone.
