Wall hook, 12 different versions, with and without holes (for 3M Command double-side adhesion strips).

Recommended print settings:

- Material: PETG (it won't snap on you)
- Support: No
- Walls/perimeters: 3 for light usage, 5 for heavy usage
- Infill: 10-15% is enough, it's much better to ramp up the number of walls/perimeters instead
- Print either on the side or backside (as the model states) - [Watch a YouTube guide here](#)

Bigger/Tougher version of your favorite hook?

- Pick a version without the holes
- Size it up (in your slicer) - [Watch a YouTube guide here](#)
- Add holes ("Add negative volume"), still in your slicer - [Watch a YouTube guide here](#)
