I had long intended to print the Statue of Liberty in 1:1000. Since it is one of the strongest symbols, which was also very important in the time of the Ocean Liners. For many immigrants it was the symbol of freedom and the first desired image which indicated the end of a long journey.

Here in two versions for download, once in 1:1000 and in 1:700.

### Print Settings

**Printer Brand:**

Prusa

**Printer:**

i3 MK2S

**Rafts:**

No

**Supports:**

No

**Resolution:**

0,15

**Infill:**

15%

**Notes:**

If you have a 0.3 or 0.25 Nozzle, you can print the 1:1000 version. With a 0.4 Nozzle you should scale the 1:1000 version to at least 120% or take the 1:700 version.
