Tags: [clock](#) [modular](#) [customizable](#) [watch](#) [deskclock](#)

This fully customizable 3D printable desk clock. I have created 2 plates for front & 2 pins shape (pointed and round). I am working on more ideas for front plate, so stay tuned.

Ready your printer choose options & filament color to match your unique style.

- **Modular Design:** Front clock plate options.
- **Easy Assembly:** No glue or special tools required.
- **Open Source:** Modify and remix the design to create your own unique clock!

20%-30% infill is ok

PLA works

Print direction: Back main part requires auto support. front plate and pins flat on surface.
