commercial licenses will be accessible through my Patreon page, 'Vixvvo3D', at the affordable rate of \$6 per month. I aim to consistently post and model new content on a weekly basis. Your support on <https://patreon.com/Vixvvo3D> is greatly appreciated!

This is a V2 version of the previous one I've made, this look is way over modern and smooth finish!

"I've created a desk drawer design before, and it received a lot of positive feedback. Building on that success, I've crafted a new version that features three separate drawers for organization! Attach it with double-sided tape or opt for drilling holes for a more permanent fixture. I'm open to hearing your ideas, so feel free to share them in the comments!"

- Took this idea from [Godard Scientific](#).
- Around 500g of filament
- 12 Hour of print time
- needs [M3 x 18mm](#) Screws
