Original design by PhD Poturak Semir: [www.Linktr.ee/3esign](http://www.Linktr.ee/3esign) : Designed as 3D Asset to be used in game Nifty Island <https://niftyis.land/3esign/0> // Single layer print, make sure you increase the flow, that is amount of plastic in order to get strong enough print. It is fully optimized design which uses least material and reduces the print time. No need for supports.
