A flying saucer, complete with base, for Wings of Glory. Statistics are on base. You'll need altitude pegs, and also a copy of Tripods and Triplanes, as it uses templates and cards from that game.

Chased this thing around the table a little and wrote a report on it over on [Fistful of Valkyries](#).

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#). All of my 3D printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
