Needed a quartet of musket-toting baddies for an encounter in Five Clicks From The Zone, so I made these fellows.

If you haven't heard of Five Clicks From The Zone, it's made by the same team who made Five Parsecs From Home. If you haven't heard of Five Parsecs, definitely google it, because it's amazing. Both games are amazing.

I'm doing a playthrough of Five Clicks over on my [gaming blog](#).

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#). All of my 3D printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
