I felt like there was an extreme lack of miniatures specifically for Eclipse Phase, so I've been making some remixes for morphs I'd love to see in a game.

This one is my take on a Surya whale for Eclipse Phase.

If you like the basic whale shark design I remixed, please consider supporting the original creator by visiting this link: <https://www.thingiverse.com/thing:182338>

Definitely needs supports.

The starfleet officer is shown for scale and can be found here: <https://www.thingiverse.com/thing:4702245>

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#), All of my 3D printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
