Zulya Deyacadem, knight of Liada and hero of the Southern Empires. This is the main character from the book [Rise of the Forgotten God](#). She's holding a sword of light which she summons from the energy of her very being and uses in combat with horrible invisible demons called shades.

This miniature is scaled for 28mm adventures in the fantasy universe of your choice and requires only minimal supports when printing. Turns out great, even on an Ender 3.

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#). All of my 3D printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
