Lieutenant Phoebe Jenkins as she appears in The Cygnus War when flying Seindrives for the TCGND as part of Minerva Squadron. I'll be making models for all of the pilots in Minerva Squadron, and maybe for the other squadrons in the series as well. For a good chunk of The Cygnus War, Phoebe is a young, hotshot pilot and one of the main characters of part of The Cygnus War universe. Highly recommended, you can pick up the first book "[Stealing Wings](#)" [here](#).

This miniature is scaled for 28mm adventures in the sci-fi universe of your choice and prints without supports! Turns out great, even on an Ender 3.

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#). All of my 3D

printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
