Tessa Eisenherz as she appears in her frontier days when she's flying freighters on the rim of colonized space. (I'll be releasing other versions of Tessa soon too.) This is the main character of the stories set in The Cygnus War universe. Highly recommended, you can pick up the first book ["Stealing Wings"](#) here.

This miniature is scaled for 28mm adventures in the sci-fi universe of your choice and prints without supports! Turns out great, even on an Ender 3.

If you like my work and want to see (and print) more of it, please consider stopping over at my online miniatures store at [Punkin' Figs](#). All of my 3D printable releases are printed before release to insure that they print well even on a simple, starter FDM printer.
