It's a robot soldier! Different combinations are possible as the head fits all robot soldier bodies I have released and will be releasing in the future. As such, you can also replace the head in this kit with a head from a different robot soldier body! More robot soldiers can be found on www.punkinfigs.com

This model is 28mm scale and requires supports. Raft recommended.

If you like my work and want to see (and print) more of it, please consider supporting me on [Patreon](#). I also have a number of miniatures available at my store at (www.punkinfigs.com), All of my 3D printable releases are printed before release to insure that they print well even on a low-end printer like my Ender 3.
