Thirteen more skeletal horrors toward my goal of creating 100 unique skeleton warrior meeples for use with DutchMogul's Meepleverse. He's currently doing a new Kickstarter! Check out his Patreon: <https://www.patreon.com/illgottengames/posts> for more information:

This is my third set of new recruits for the Skeleton Army. Check my "Meeples" collection on my profile for more, and other cool meeples for the Meepleverse!

I printed these on rafts, but without supports. You can probably print them without a raft if you've got your settings dialed in real precisely.

I've recently started making special hero meeples available for sale. Need a hero, a villain or just an NPC that you can mass-print in any color you

choose? Looking for something simple and minimalistic to give your Roleplaying Game (or board game) some sleek and streamlined style? Meeples on my site "Punkin' Figs" are a simple, inexpensive alternative to high detail miniatures, and need no paint in order to look great! Find more over at www.punkinfigs.com.
