Thirteen more skeletal horrors toward my goal of creating 100 unique skeleton warrior meeples for use with DutchMogul's Meepleverse. I've got some terrain in the works now too!

This is my second set of new recruits for the Skeleton Army. Check my "Meeples" collection on my profile for more, and other cool meeples for the Meepleverse!

I printed these on rafts, but without supports. You can probably print them without a raft if you've got your settings dialed in real precisely.
