## Summary

This sleek but simple design can hold pens and has an instant photo stand.

[Household](#) > [Office](#)

I have created an instant photo and pen holder as part of my 3D project. While designing it, I considered the needs of people working in offices. The sleek and outstanding design aims to enhance both aesthetics and functionality. The combination of form and practicality makes it a compelling choice for office spaces. It would mean the world to me if you could like or download this.
