Summary

Replacement lens cap for RunCam Swift Mini 2 lenses. This includes short lenses with an FOV of 2.1mm, 2.3mm or 2.5mm. Thi

[Hobby & Makers](#) > [RC & Robotics](#)

Replacement lens cap for RunCam Swift Mini 2 lenses. This includes short lenses with an FOV of 2.1mm, 2.3mm or 2.5mm. This should work with any lens with an outside diameter of 14mm.

Works with rigid filaments like PLA. I made this because most caps like this require flexible filament which I do not have. This model has ribs on the inside of the cap which provides flexibility for a tight friction fit.
