With these models I set out to do something that was both **simple to print and assemble**, but also instantly recognizable as your favorite furry friend. This simplicity makes them easy for even the youngest children to slide together, while also keeping a sophisticated look for display on your office / home desk.

Current breeds include:

- Australian Cattle Dog
- Australian Shepherd **(P)**
- Basset Hound
- Beagle
- Border Collie
- Boston Terrier
- Boxer **(P)**
- Bull Terrier
- Chihuahua
- Cocker Spaniel
- Corgi
- Dachshund
- Doberman Pincsher
- French Bulldog
- German Shepherd
- Golden Retriever
- Great Done **(P)**
- Husky
- Labrador Retriever
- Newfoundland
- Nova Scotia Duck Tolling Retriever
- Pomeranian
- Poodle
- Rottweiler
- Saint Bernard
- Saluki
- Scottish Deerhound
- Scottish Terrier
- Shetland Sheepdog
- Shiba Inu
- Shih Tzu
- Vizsla
- Yorkshire Terrier **(P)**

Breeds above marked with “(P)” are located exclusively on Patreon, link below.

Multi-color project files on MakerWorld, link below.

The kit card connectors were designed to easily snap away, but for the cleanest finish it is recommended to use snips to remove them. Each dog may have a slightly different assembly due to shape and size, but the fundamentals will remain the same amongst all of them.

1. Snap all connectors to free each piece

2. Slide the ears into the slot at the top of the head
3. Slide the larger connector into the cutout at the front of the body
4. Slide the smaller connector into the cutout at the back of the body
5. Align to the two cutouts on the legs with the connectors and slide in
6. Repeat for the last leg
7. Enjoy!

If you'd like access to a Commercial License and exclusive designs:
