"Cable Clip" - Wall and Ceiling Mount for Cables and Power Cords

The "Cable Clip" offers a practical solution for organizing power cords and other cables by securely holding them to walls or ceilings, ideal for applications such as suspending lamps or managing cables in tight spaces.

With its availability in various sizes, this model accommodates nearly any cable type, such as USB, HDMI, Network (Ethernet), and more.

Print Instructions

To ensure optimal performance and durability, we recommend printing the Cable Clip with a **layer height of 0.12mm**. This finer resolution helps maintain the **integrity of the thread**, ensuring a snug fit and reliable cable management.
