90d Spool Holder that does not allow the spool to crawl onto the bearings.

Use 608 Bearings

V1.1 may work with more infill but I wanted it to be bullet proof.

V1.2 is now more rugged to support the weight and vibration the new angle is seeing.

### Print Settings

**Printer Brand:**

Creality

**Printer:**

K1

**Rafts:**

Doesn't Matter

**Supports:**

Yes

**Resolution:**

.2

**Infill:**

30% +
