### Summary

Tiles to stimulate little feet of the kids :)

[Toys & Games](#) > [Other Toys & Games](#)

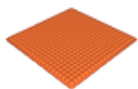

Tags: [toy](#) [tpu](#) [walking](#) [toddler](#) [sensory](#)

Those sensory disc on amazon are quite pricey, and to be honest quite easy to print.

Print it with TPU of any kind with 5-10% gyroid infill 3 walls. or anything else. it will be fine :)

Fits standard 220x220 bed :)
