This custom-designed travel case for the NanoVNA-H Vector Network Analyzer offers a slim and efficient solution for transporting the device and its accompanying adapters. The design process prioritized maintaining a slim form factor while ensuring sufficient storage space for all adapters. This ensures that the NanoVNA-H and its accessories remain organized, protected, and easily portable. The case is tailored to fit the specific dimensions of the NanoVNA-H, providing a snug and secure fit for safe transportation.

- The Velcro strap slot can fit up to 2mm X 17mm.
- The print that is shown was done at 0.24.
- Internal support was used.
