This is a clip design that is modeled after a clip included with the whiteboard. Rather than bury the design on my computer, I am sharing it. It isn't all that special, but it is useful. There are three options here. One clip that holds one marker and two that will hold two markers. One is for two 11mm dia markers, and one with 11mm and 10mm dia markers (approximately).

Feel free to modify to your liking.
