### Summary

This is a adapter to wich allows to place a MagSafe charging puck instead of the original phone holder.

Tags: [ikea](#) [light](#) [adapter](#) [mobilephoneholder](#) [magsafe](#)

This is a very simple adapter which allows to replace the original very cumbersome phone holder from the Ikea LÅNESPELARE with a MagSafe Puck.

The puck fits very tight and is hard to remove after putting the puck into the adapter.

I added the FreeCad file if you want to modify it.

FYI The forth picture is of the original holder.
