First 2024 design in my Bookmark Tanks Collection!

For this design I tried to capture little more details in the model without losing simplicity.
I hope you like it!

Introducing Sherman M4A1!

Sherman M4 bookmark for those thrilling war books of yours! (works with other books too...)

Print instructions

Print with **0.15mm** layer height.
Infill between **15% - 25%**, I prefer **Gyroid**.

PLA or PETG, what ever flexes enough in your use.
This model is a little more “detailed” so the best results are done with PLA in my opinion :)

No need for supports.

Check printing orientation from photos, thanks! :)

Hope you like it!
