### Summary

Realistic 3-D Printed plant, where the leaves of the plant can be detached and used as coasters

[Household](#) > [Living Room](#)

Introducing our innovative 3D Printed Magnetic Leaf Coasters – the perfect blend of functionality and nature-inspired design! Crafted with precision using cutting-edge 3D printing technology, these coasters bring a touch of elegance to your home decor while serving a practical purpose. Each coaster features intricately detailed leaf designs, meticulously crafted to mimic the beauty of nature. What sets these coasters apart is their unique magnetic attachment system. The leaves are seamlessly integrated with powerful magnets, allowing them to securely attach to the coaster base. This magnetic feature not only adds a charming aesthetic appeal but also ensures that the leaves stay in place, providing a stable surface for your drinks. They are not only functional but also versatile – perfect for use as coasters to protect your tabletops from condensation or heat damage, or even as decorative accents around your home.
