### Summary

A quick and simple adapter for a 90 degree turn with an 8mm LED Strip

[Household](#) > [Outdoor & Garden](#)

Tags: [led](#) [grow](#) [ledstrip](#) [ledlight](#) [ledlighting](#) [ledlightstrip](#) [ledlightmount](#) [growlight](#) [ledlights](#) [ledlightbar](#)

This is a remix of the original "connector with holes" to make a 90 degree corner for an 8mm LED strip of lights. Connects to the original connectors with holes with no issues. Designed to use all of the same hardware and LED Strip as the original. Prints without supports because none of the angles are above 45 degree. Quick and easy print.

### This remix is based on

**LED strip 8 mm modular lamp for plants growth**

by Jarosław Grządziel
