### **roman style vase with a creative Latin name based on the vase patterns.**

The vase is 175mm tall and about 110mm wide at the widest point.

(Scaled down version profile included for smaller vase)

Vase mode is strong and reliable but you can use Normal if you want more strength, it only costs 40gr more filament!

Use scaled down profile if you need smaller vase.

Soon **TriangulumStella Olla** - A planter pot to match the vase!
