Summary

Closing latch for Brigii USB vacuum cleaner

[Household](#) > [Other House Equipment](#)

Tags: [vacuum](#) [latch](#) [brigii](#)

Our Brigii vacuum cleaner's latch (which holds the mechanism closed) broke, so I copied the design and printed it.

This is the bottom part (red)

Printed in PLA, 0.25mm nozzle with 0.10mm layer height to properly reproduce small details, might work with a larger nozzle / layer height as well.
